

ABI-500CL

Automated Single & Multi-level Testing
CPT 93922 & 93923

simpleABI Systems from Universal Medical Testing use the power of computers to produce the reimbursement reports you need quickly, easily, and accurately. The PC-based systems' minimal learning curve makes it easy to begin performing exams. Automatic index calculations make the simpleABI system make exams as easy as taking blood pressures. **Print to any standard office printer or save and load directly to EMR.** The diagnosis is made using the gold standard Doppler and simple pulse volume recording (PVR) waveforms. The ABI-500CL system meets all requirements, including dual ankle, for CPT code 93922 & 93923.

ABI-500CL Features:

- **Cuff-Link™ automated cuff select, inflate, calculate**
- PC-based ABI system
 - Easy staff training - simple to learn and use
- Uses "Gold Standard" 8MHz Doppler
- Easy "Click & Capture" PVR waveforms
- Customize reports with practice information and logo
- **Print to any standard office printer**
- **Attach multiple formats directly to EMR records**
- Full 2-year product warranty

ABI-500CL Kit Contains:

- Cuff-Link™-8
- Single Level ABI & TBI Testing
- **Multi-level Segmental Testing**
- Sensitive 8MHz Doppler
- PPG Probe
- 9 cuffs (4x10cm, 4x12cm, 1x1.9cm)

ABI-500CL Options:

- Computer
- Roll Stand
- Printer
- Mobile Carry Bag
